The diagram illustrates the relationship between a source file and its dependencies. A top box, representing the source file's location, contains three paths: /home/daniel/Desktop, /LCOM_root/MINIX-LCOM, and /shared/proj/src/vector2.c. Two blue arrows originate from the bottom of this box, pointing to two separate boxes below. The left box contains the text 'vector2.h' and has a solid black border. The right box contains the text 'math.h' and has a gray border.
