

/home/daniel/Desktop
/LCOM_root/MINIX-LCOM
/shared/proj/src/utils.h

```
graph TD; A["/home/daniel/Desktop  
/LCOM_root/MINIX-LCOM  
/shared/proj/src/utils.h"] --> B["lcom/lcf.h"]; A --> C["stdint.h"];
```

The diagram illustrates a file structure. A top box contains three paths: /home/daniel/Desktop, /LCOM_root/MINIX-LCOM, and /shared/proj/src/utils.h. Two arrows point from this box to two separate boxes below. The left arrow points to a box containing lcom/lcf.h, and the right arrow points to a box containing stdint.h.

lcom/lcf.h

stdint.h
